## PROJECTS

---

### Personal Portfolio Website

Tech Stack: HTML5, CSS3 | Status: Completed

- Designed and developed a fully responsive personal portfolio website from scratch using pure HTML5 and CSS3.
- Includes sections for About, Skills, Projects, and Contact — structured for freelance and job outreach.
- Features modern UI with CSS gradients, hover effects, responsive grid layout, and mobile-friendly design.
- Hosted as a static site; demonstrates real-world front-end development skills.
